## Foam Photo Frame

### Materials Required:

1. Picture you want to frame
2. Foam sheet (any color of your choice)
3. Transparent paper
3. Card board
4. Ribbon or string (to make a loop for hanging the frame)
5. Decoration material (beads, ribbons, markers, crayons, stickers etc.)
6. Cutter (or scissors)
7. Tape
8. Fevicol /glue

## Steps

1. Cover the picture you want to frame with transparent paper with help of tape  
(This step will help to protect your picture)
2. Take a card board and cut it using scissors to the size of picture plus half inch extra on all sides.
3. Punch two holes in top center of card board and take a ribbon out from the holes and tie a double knot.
4. Stick the picture on the card board using glue or tape leaving the ribbon loop coming out.
5. Now take the foam sheet and draw one inch wide stripes to form the frame.
6. Cut the required length of stripes using cutter or scissors.
7. Stick the stripes on picture covering cardboard using glue and let it dry.
8. Now, decorate it using beads, colors, stickers, ribbons using fevicol or write on it ( Above frame in picture uses a shining white ribbon on both inner and outer edge of frame with some beads as shown)

### Tips:

You can use a thick paper instead of foam sheet for frame.  
For transparent paper, you can even use transparent food wrap from kitchen.
