Hanging Star

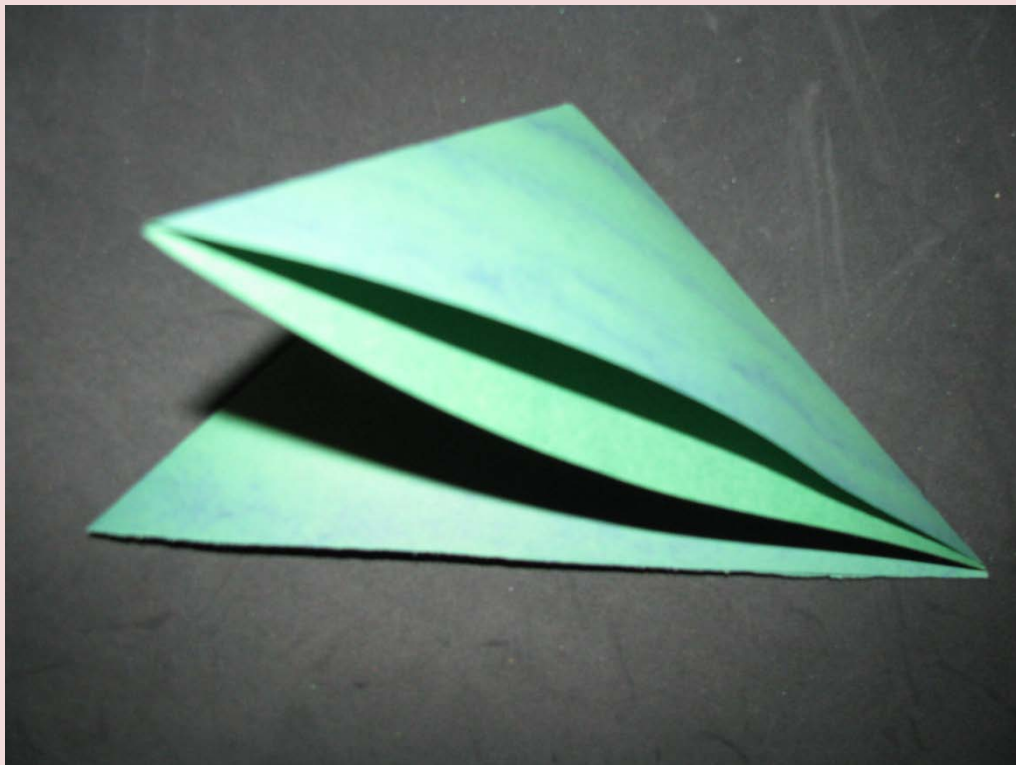

Materials Required:

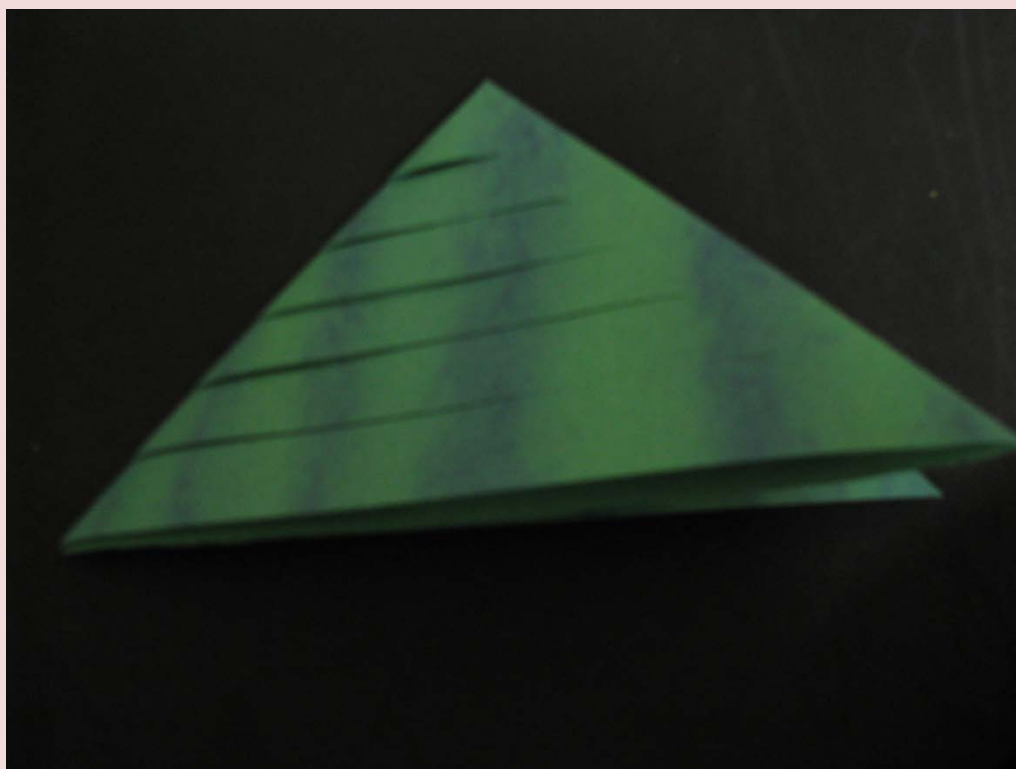

1. Square sheets of construction paper (five)
2. Scissors
3. Pencil
4. Ruler
5. Tape
6. Stapler
7. Picture you want to put in center

Steps

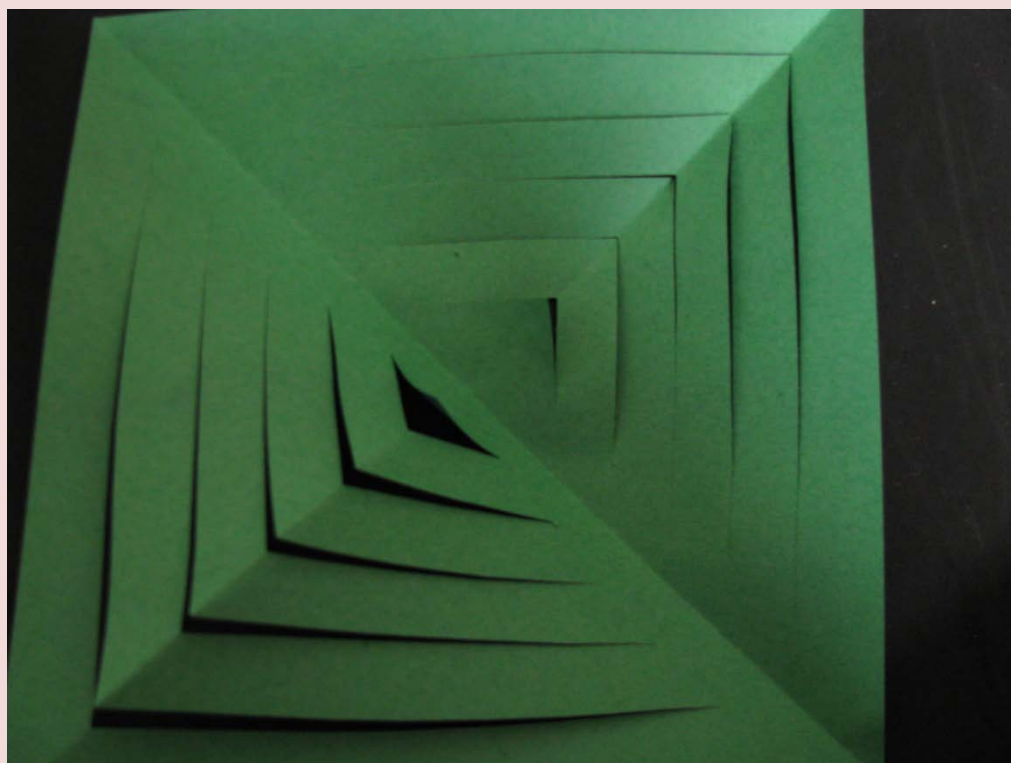

1. Fold the square sheet to form triangle
2. Fold this triangle again to form a triangle (you will have a four layered sheet by now)

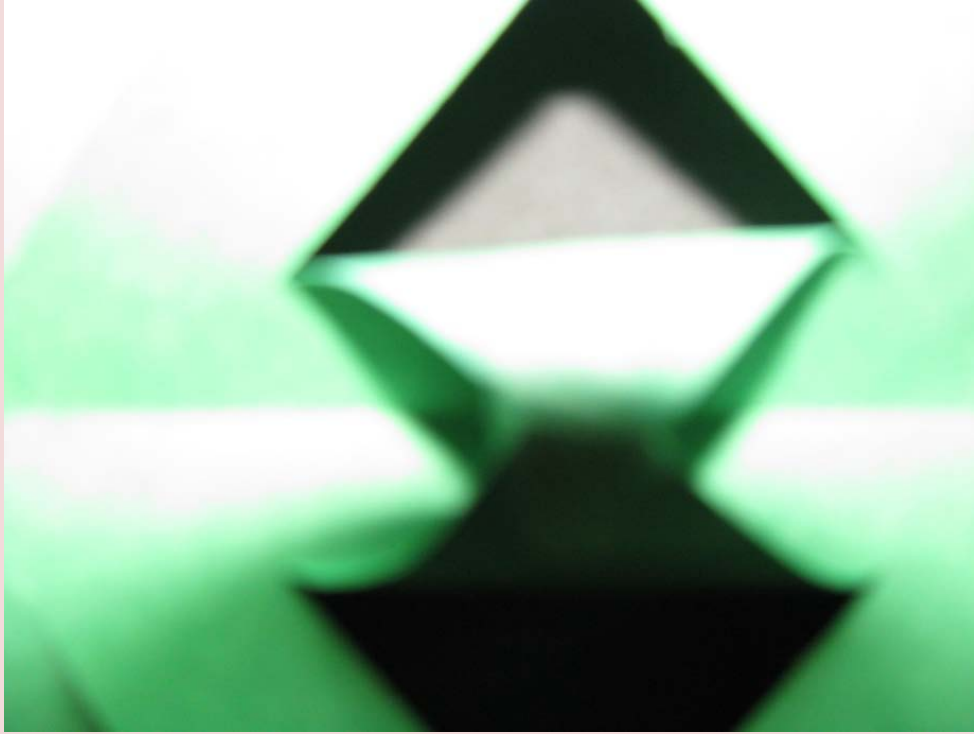

3. Using pencil and ruler mark equi-distant lines (from closed side of triangle) and cut on these lines leaving 1st as shown

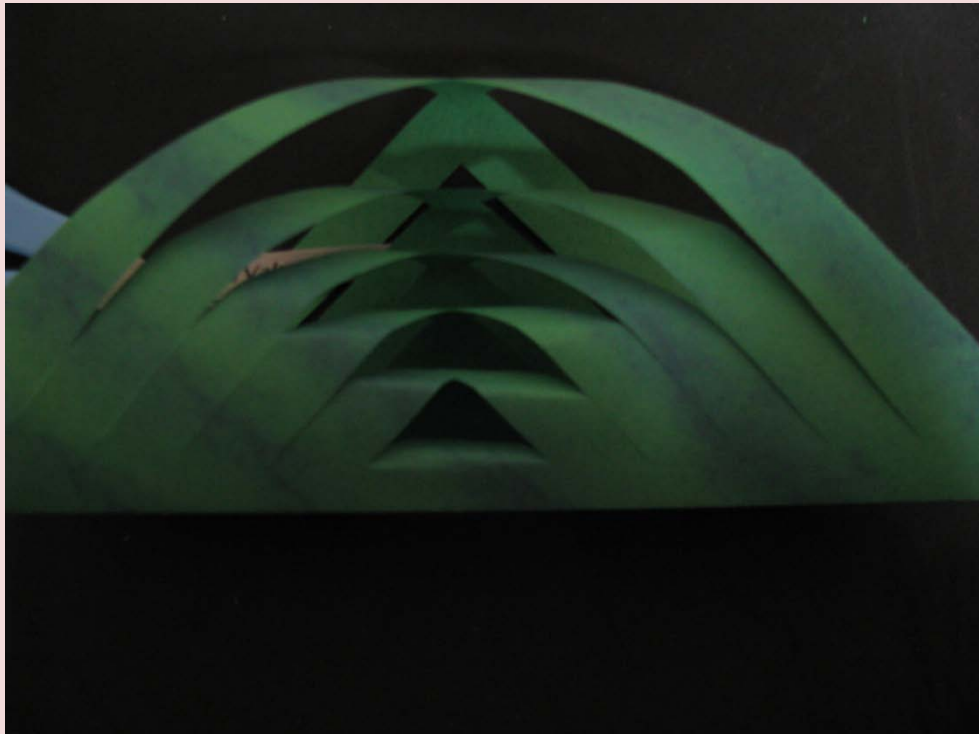

4. Open the triangles and you will have something like this below picture

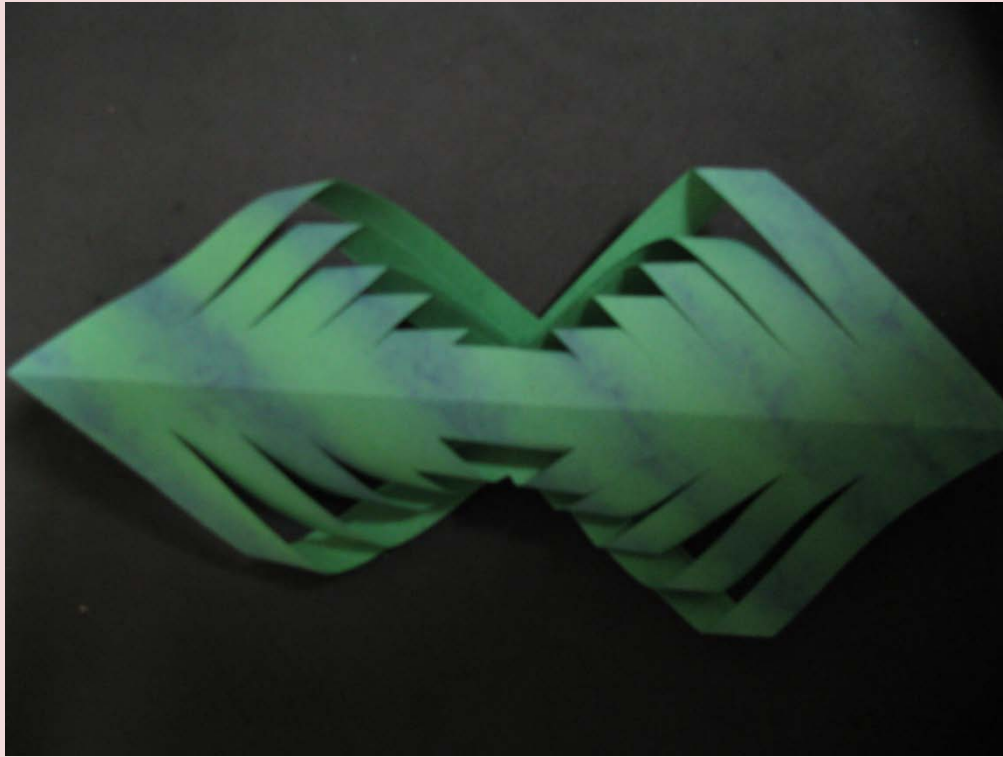

5. Turn the sheet and start folding equi-distant folds and sticking them with each other using tape as shown.

6. Do this for all the folds as shown

7. Turn it and press it gently.

8. Repeat above steps for the remaining four sheets
9. Now, stick all the above five to form star by sticking the centers together using stapler and sticking the side with each other using stapler or tape as shown

10. Stick the picture in center using glue.

Tips:

You can use different kind of papers and make different sizes of stars and hang them using ribbons
