Ribbon Roses

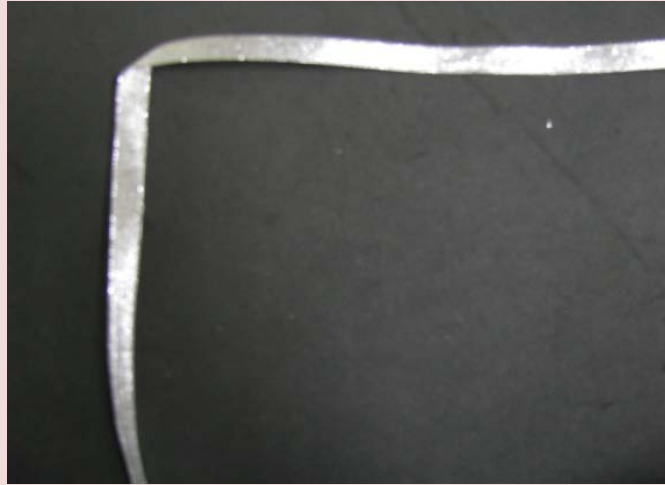

Materials Required:

1. Any color ribbon
2. Thread and needle (or glue gun)

Steps

1. Find the half of ribbon and put the two sides at right angle.

2. Start folding the two sides of ribbon on top of each other going back and forth as shown.

3. When one inch of ribbon is left, put the open edges through your right hand index and middle finger tightly.

4. Leave the ribbon from top and you can see the jig-jag as below.

5. Now, still holding it tightly, pull the smaller side of ribbon using your left hand.

6. Roll the two sides of ribbon together and sew the rose from bottom (or glue it with glue gun). Cut out the extra ribbon.
7. If center of rose is not tight, roll it using your finger.
